Hiding His Word

"But I tell you, it will be more tolerable for the land of Sodom on the day of judgment than for you."

Matthew 11: 24 (HCSB)

Compassion International is a [Christian](#) child [sponsorship](#) organization dedicated to the long-term development of children living in [poverty](#) around the world. Compassion International, headquartered in [Colorado Springs](#), functions in 26 countries such as Bolivia, Colombia, Mexico, Haiti, Kenya, and India. They also currently help more than 1,200,000 children

Development through sponsorship

Child sponsorship leads to a lifetime of learning. It's a powerful approach to Christian child development, providing children with a broader view of the world and educating sponsors about the political and economic realities sponsored children face. This relationship provides both children and sponsors with a concrete example of how God works around the world. Learning for Life focuses on a child's life from school age until program completion, aiming to prepare each sponsored child with the skills and knowledge required to assume adulthood, including those activities that will make the community a better place to live. We focus on preparing children to:

Follow Jesus Christ in faith and deed as part of their spiritual training. Support themselves and share with others in need as part of their economic training. Be responsible members of their family, church, community and nation as part of their social training. Maintain their own physical well-being. The knowledge and skills gained through these various activities contribute to the quality of life children experience throughout their whole lives. It all starts with one person taking the time to sponsor one child.

What is Compassion Sunday?

The purpose of this special, one-day event is to draw the attention of the Church to the needs of the world's poorest children. It's a powerful opportunity for God to use you to share with the members of your family His deep love for children – and show how each of us can intervene in the life of at least one child in poverty through sponsorship.
